GRIEVED WOMAN BECOMES MAD

With Clothing Burned She Had Been in Disaster and Applied to Station-House for Missing Loved Ones When Reason Fled

RAN DOWN STREET SHRIEKING WILDLY.

Man Came to Learn Fate of He Swooned, and After Being Revived Became Crazed.

-At daybreak scores of anxious men and women had called at the East Fifth Street Station-house, making innuiries for missing friends or relatives. Bergt. Piall, who was on duty, could give the visitors little information, as he had not been provided with the official lists of dead and injured. The station-house is in the heart of St. Mark's parish.

Among the anxious ones was a young woman who came wildly into the sta tion-house asking for her mother and brother. She gazed vacantly at the sergeant when he asked her name. Her clothing was partly burned, and it was apparent that she was one of the survivors of the Slocum. Presently the woman became hysterical, and her cries rang throughout the station-house. Be-fore a hand could detain she dashed out of the station-house and ran east through Fifth street.

Joseph Engeman entered next and walked to the rail. He was a picture of grief. "I have lost my wife and four children. Have you heard anything about

Then he broke down and wept. Sergt Piall turned to inspect a list of names which had been sent him unofficially, when the bereaved man fell to the floor in a swoon. An ambulance was called from Bellevue Hospital, but before its arrival Engeman had revived Questioned By the sergeant the man looked vacantly around him, then epringing to his feet ran out of the station-house tearing his hair and wringing his hands as he gave way entirely to the awful grief that possessed him. No one at the station-house obtained the man's address.

Wife and Four Children When Has the Insurance Company Rejected You on Account

of Kidney Disease? Dr. S. J. Reade, of Buffalo, N.Y., Says More People Are Refused Life Insurance on Account of Kidney Troubles Than for All Other Causes Put Together.

Warner's Safe Cure Secures Life Insurance for Thousands Once Rejected - "I Prescribe It in My Practice and Regard It as a Wonderful Specific in Kidney Diseases," He Adds.

edge of its curative powers is not based alone upon my private practice.

In the course of my work I have examined thousands of people for life insurance. More were rejected on account of kidney troubles than for all other causes put together. Almost every other man and woman had kidney trouble. Yet few suspected the presence of the disease when they came for examination.

Nearly all of those rejected returned later on cured and ready for e-examination and were accepted and got their insurance policies.
